## B. Title: COS10026 Assignment 1 report

- Name: Cong Duc Danh Ngo (Dan Ngo).
- Student ID: 104186810

## C. Introduction:

1. Website Introduction:
  - Service for Operations Engineers (SOE) is a company in Melbourne that provides services in terms of Web Development, Software Deployment, Cyber Security, etc. SOE connects businesses and IT professionals across Australia, offering customized services to suit unique needs. Our recruitment process guarantees that we hire the best IT talent to lead your business to success. We provide monitoring, troubleshooting, backup, and disaster recovery solutions for seamless 24/7 business operations. Our team offers honest advice, support, and guidance, ensuring that your infrastructure is managed by experts. With our in-depth understanding of the IT industry, we deliver bespoke services to every client. Our website is created by 5 team members: Jugraj Singh (104204262), Daniel Hindmarsh (104586973), Nina Lam (104060655), Mandeep Kaur (104330028) and Dan Ngo (104186810).
2. Objective of this report:
  - To demonstrate the reporter's understanding of the group project.
  - Illustrate the website's structure, highlights and contributions that the reporter has made.

## D. Website content:

1. Introduction: Introduce the purpose of each page and main content of each page
  - index.html: This is the home page of the website, it introduces our SOE company, displays an advertisement for the company's job recruitment and a link to a YouTube video which presents each pages built by each member.
  - apply.html: This is the page for candidates to apply to our company by filling the provided form.

## Project Report – COS10026 Computing Technology Inquiry Project

- jobs.html: The jobs page contains several detailed information about the company, the positions that we are recruiting and requirements for those positions. It also includes a button that directs to the apply page and a comment section for users to state their opinions.
- about.html: This page briefly introduces our company, several details about our team members, each member has their own profile page, which will be popped out when clicked on each person's profile picture. About page also includes a button that directly links to the apply page, 2 cards for 2 jobs that our company is requiring. The cards also have an "Apply" button that links to the jobs page and a "Details" button that links to a separate html file (jobdescriptionCBE.html and jobdescriptionWD.html) which contains specific information about the job's position.

### 2. Details about HTML markups technical that I used:

Display the group photo in <figure>	<pre>&lt;figure class="group5"&gt;   &lt;img src="images/group_pic.png" alt="Team"&gt;   &lt;figcaption&gt;Group 5/Mixed Munde&lt;/figcaption&gt; &lt;/figure&gt;</pre>
Display the group's information in definition list	<pre>&lt;dl&gt;&lt;!-- style this definition list to make it look better--&gt;   &lt;dt&gt;&lt;/dt&gt;   &lt;dd&gt;Group Name :&lt;/dd&gt;   &lt;dt&gt;Group 5/Mixed Munde&lt;/dt&gt;   &lt;dd&gt;Our Course :&lt;/dd&gt;   &lt;dt&gt;&lt;a href="https://www.swinburne.edu.au/course/ bachelor-of-computer-science/" target="_blank"&gt;Bachelor of Computer Science&lt;/a&gt;/COS10026 &lt;a href="https://www.swinburne.edu. au/study/courses/units/ Computing-Technology-Inquiry-Project-COS10026/local"   target="_blank"&gt;Computing Techonology Inquiry Project&lt;/a&gt; &lt;/dt&gt; &lt;dd&gt;Our Tutor :&lt;/dd&gt;   &lt;dt&gt;   &lt;a href="mailto:fatmamohammed@swin.edu.au"&gt; Fatma Mohamed&lt;/a&gt; &lt;/dt&gt; &lt;dd&gt;Get In Touch Today :&lt;/dd&gt;   &lt;dt&gt;   &lt;a href="mailto:Contactus@SOECompany.com"&gt;   Contactus@SOECompany.com &lt;/a&gt; &lt;/dt&gt; &lt;dd&gt;&lt;/dd&gt; &lt;/dl&gt;</pre>

## Project Report – COS10026 Computing Technology Inquiry Project

- Put 3 social media logos into the footer (Daniel helped me align them to the right side of the footer), each logo is an image that I modified the colour to compile with the Website's general colour, which are blue and grey. Each image is a hyper link directs to that social media platform:

- Came up with the idea of clicking on the profile image (in the group ID section) will pop out a separate profile page (Daniel designed the template). Collected personal information of Dan, Nina and Mandeep and put into their own profile pages.
- Put a favicon to the header section of all pages.

- Merged, edited and uploaded the demonstration YouTube video.

### H. Conclusion

#### 1. Summary

- The report has briefly summed up the whole web site of SOE company and specifically present the about page.
- 2. Recommendations for future improvements
- Design the responsive layout more carefully.
- CSS should only be done by one person.
